How Well Do We Know Each Other

“Every conversation helps us feel more at home in English.”

Your 5 minute preparation

You have been listening to your classmates. Now let’s find out what you remember!

1 Remember Think of two little things classmates have shared: a hobby, a goal, a favorite food, or a funny preference.

2 Wonder Choose one friendly question you would like to ask someone in the group.

3 Share Think of one new thing about yourself you would enjoy telling the group.

Words you can use

When you remember…	When you respond…
I remember that you said…	Yes, that’s right!
If I remember correctly…	Almost! Actually, I said…
Was it you who…?	Tell me more!
Do you still…?	What about you?

A natural example

A If I remember correctly, you said you love baking. Was that you?

B Almost! I said I want to learn how to bake.

A Oh! What would you like to make first?

Come as you are. You can guess, ask, laugh, correct a detail, or simply say “I’d rather share something else.”

No scripts. No memorizing. No translator. Just your voice and your curiosity.
